From the Chairman

I feel it my privilege to tell about the HARP and its activities carried out during 2018-19. The HARP has successfully completed eleven years in 2018-19 and firmly established as an organization. This is all due to the efforts of honourable members of HARP and the employees who put their strenuous efforts in establishing the credibility of the organization. That is why, now the HARP is getting bigger and long term projects from different organizations. Since the HARP is a “No profit no loss society” therefore, its survival depends upon the continuous flow of funds which is coming through various types of projects being received from different organizations. HARP is also now working as consultants with NABARD Consultancy Services Pvt. (Ltd) (NABCONS) and providing consultancy for third party inspections/monitoring & evaluation of different projects received by the Implementing Agencies from the NABCONS Nodal Department.

HARP is working with Government bodies, financial institutions like NABARD and consultancy providing institutions like NABCONS, ICAR, IARI and others. The Unique Selling Point (USP) of HARP is that its team is highly experienced and technically competent, that is why it is different from various other NGO(s). All the projects which were taken in hand are being executed and completed with precision and within a given time frame.

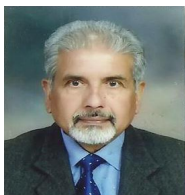

This year HARP implemented the in hand continued projects and some other new consultancy projects received during the year.

- New members DR. K.R. Dhiman and Ms. Vidya Chauhan were admitted in HARP during 2018-19.
- In all these meetings the progress of all the projects being executed by the HARP was reviewed and strategy to speed up and stream line the work of execution was also discussed and fixed.

Overview of year 2018-19

- During 2018-19 the HARP worked on the Project “Integrated Development of Tribal’s of Nichar Block (15/20 area), Kinnaur district through *Wadi Development*” under Tribal Development Fund of NABARD H.P. This is a running Project continuing from 2014-15 and will remain under implementation till the year 2020-21. Mainly three components were provided in the project which were/being implemented by HARP, namely; Plantation of temperate fruits like Apple, Wild Apricot (*chuli*), Pear and Walnut, development of water resources for irrigating the plants and capacity building of farmers through various types of trainings. Total size of the project is 944.93 lakhs out of which Rs. 357.76 lakhs is grant, Rs. 331.57 lakhs is farmers’ contribution and Rs. 255.10 is convergence. An area of 428 acres of land was to be brought under horticulture. During 2018-19 the activities carried out under this project are given as below:
 - Project Implementation Agency (PIA) Staff Training was held on the 23rd April, 2018 in which the difficulties faced by field staff were discussed and solutions to remove these difficulties were suggested. In addition to this the progress on the action to be initiated on monitoring report & other observations was reviewed. The field staff was also given tasks to be performed during the year.
 - Three camps on Gender Sensitization were organized on 16th, 17th and 18th May, 2018 at Samiti Hall Bhabanagar for the farmers and farm women of Nathpa, Chhota Kamba and Rupī gram panchayats respectively. Total 82 farmers and farm women were actively present in these camps.

Fig 1. Gender sensitization camp organized for the farmers and farm women of Nathpa gram panchayat on 16th May, 2018 at Bhabanagar, Kinnaur.

Fig 2. Gender sensitization camps organized for the farmers and farm women of Chhota Kamba and Rupī gram panchayats on 17th & 18th May 2018 at Bhabanagar, Kinnaur.

From Nathpa 38 farmers and farm women attended the camp held on 16-05-2018, from Chhota Kamba only 15 farmers and farm women could participate in the camp held on 17-05-2018 whereas 29 farmers and farm women from Rupī attended the camp on 18-05-2018. In these camps the beneficiary farmers and farm women were sensitized about changing behavior and instilling empathy into the views that we hold about our own and the other genders.

In these three days camps the participants from all these three Panchayats were also sensitized and made aware about Farmer Producer Organization (FPO). The farmers were made aware about the importance of FPO, its advantages to the farming community and its necessity to fulfill the inputs demand of the farmers and marketing of their produce. After creating the awareness, the farmers who were present in the meeting elected a Provisional Management Committee under the chairmanship of Mrs. Chander Kala Negi, Village Dubling of Rupī Panchayat. Fifteen resolutions were passed in the Management Committee meeting, including discussions on draft bye laws. This FPO formation could not be materialized as all these three Gram Panchayats are not located in a contiguous area and they are heterogeneous in nature. Now they are forming three FPOs at Panchayat level.

- Three one day workshops on women and child nutrition management for three Panchayats of the project area were organized on 25th June, 2018 for

Chhota Kamba Gram Panchayat, on 26th June, 2018 for Rupī Gram Panchayat and 27th June, 2018 for Nathpa Gram Panchayat.

In these workshops 28, 21 and 31 farm women have participated from Chhota Kamba, Rupī and Nathpa respectively. The farm women were made aware about the nutritional requirements of pregnant women, women after child birth, children and old women. They were also shown documentary films on the related topics.

Fig 3. Workshops on women & child nutrition management organised on 25th, 26th & 27th June 2018 for farmers and farm women of Chhota Kamba, Rupī and Nathpa gram panchayats at Bhabanagar, Kinnaur.

- One Capacity building workshop on Animal Nutrition & Livestock Management was organized on 24-12-2018 in Samiti Hall, Bhabanagar for the farmers & farm women of Chhota Kamba, Rupī and Nathpa gram Panchayats. 32 farm women & farmers from these gram panchayats have actively participated in this workshop. In this workshop Veterinary Officer from Neogalsari made all the participants aware about the nutritional requirement of milching animals, pregnant animals, calves and other type of animals. The dairy management steps to be taken by farmers were also discussed in

workshop. A documentary film on dairy farm management was also shown to the participants.
