HARP: Growing with determination every year

The 'Hill Agriculture and Rural Development Promotion Society' (HARP) was founded on the 29th of January, 2009. Registered under the Himachal Pradesh Societies Registration Act, 2006, the objectives of HARP are as follows:

- To support the efforts of different organisations involved in the promotion of agriculture, rural development, social welfare, environment, improved livelihood and skill development.
- To work for the social development of different types of groups and communities.
- To evaluate the impact of different public sector projects/schemes implemented by the government, both state as well as central.
- To promote and support the Farmer Producer Organisations (FPOs) and all other institutions of farmers.
- To carry out volunteering activities in the areas of health, education, environment, rural poverty elevation and general socially positive initiatives.

During 2020-21, HARP executed and successfully completed various programmes of NABARD. Due to the spread of COVID-19 virus, the execution of different programmes remained slow.

Vision: To provide morally right and value driven solutions to our clients for the growth of agriculture and social development as well as for educational and economic empowerment of people in rural India.

Mission: To work with determination in order to provide sustainable livelihood to the rural poor and the underprivileged through participatory practices and by responsibly improving the development in agriculture, health, education and other skill sectors.

From the Chairman

It is my greatest privilege to announce that HARP has successfully completed twelve years in January 2021 and is now firmly established as an institution. The credit goes to all members of the society i.e., HARP (past and present) and all my colleagues who have, with their earnest efforts, established the credibility of the organization. I express my unbounded gratitude to the entire HARP team.

The survival of a “No profit no loss society”, like ours, depends upon the continuous flow of funds that we receive after successful implementation of various types of projects that are awarded to us by different organizations. It gives me immense joy to say that HARP is now growing rapidly and is securing long term projects from different organizations, thus directly contributing towards a positive social and economic change.

I am also proud to declare that HARP now regularly consults NABARD Consultancy Services Pvt. Ltd. (NABCONS) in Himachal Pradesh along with providing third party inspections/monitoring and evaluation of ‘Border Area Development Programme’ (BADP). NABCONS also carries out impact evaluation of watershed management and evaluation of Rashtriya Krishi Vikas Yojana (RKVY) where HARP assists.

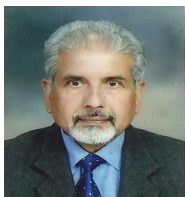

Today, HARP works with multiple government bodies, financial institutions like NABARD, consulting institutions like NABCONS, ICAR, IARI and many others. From the year 2020-21 HARP has also associated with the Satluj Jal Vidyut Nigam Limited (SJVN) and utilizing their Corporate Social Responsibility (CSR) funds on the affected families of hydropower projects in district Kinnaur, Himachal Pradesh. The unique selling point (USP) of HARP is its experienced as well as dedicated and technically competent team, which differentiates us from various other NGO(s). It is a matter of pride for us that all the projects we have undertaken so far have been executed and completed with utmost precision and within stipulated time. I wish to end this note by saying that we have barely scratched the surface and we are absolutely geared up to continue our good work in the following years.

Meeting and announcements

- In the financial year 2020-21 only two meetings of the Governing Board (GB) could be held on 24-08-2020 and 03-10-2020.

- In the meeting held on 24-08-2020 the Secretary informed the GB that new TDF Project has been awarded to HARP. This Project will be executed by HARP in two (now three) gram panchayats, viz; Chaura, Tranda and Bari of Nichar block, district Kinnaur. In this project the SJVNL is also participating. The GB unanimously applauded the efforts of the HARP Staff for this achievement.
- In this meeting it was also resolved unanimously by the GB members that HARP should also extend its activities to other valley areas of Himachal Pradesh.
- In the meeting held on 03-10-2020, it was resolved unanimously by the GB that as per requirement of the new TDF Project, four saving accounts viz; two separate accounts for the funds to be released by the NABARD and two separate saving accounts of the funds to be released by the SJVNL, may be opened in HP State Cooperative Bank Bhabanagar. It was further approved that these funds be operated jointly by the Secretary, HARP and the President, Project Level Tribal Development Committee (PTDC) constituted under TDF Project. This matter was put up before the GB for approval as this arrangement is a departure from the provision of the byelaws of HARP.
- Another resolution approved by the GB unanimously was regarding formation of a subsidiary commercial company of HARP which could perform certain commercial activities so that the HARP which is a “no profit no loss” society could be made sustainable
- New member DR. P.L. Sharma, retired from the Department of Agriculture, Himachal Pradesh was admitted in HARP on the 4th December 2020.
- In all the meetings held during the FY 2020-21, progress of all projects executed by HARP was reviewed and strategy to speed up and streamline the execution was discussed along with discussions about new projects formulation.

Overview of year 2020-21

During 2020-21, HARP worked on multiple government and public sector projects, and various voluntary initiatives in Himachal Pradesh. This included:

1. Integrated Tribal Development Programme (TDF – I)

The programme was conducted in Rupī, Chhota Kamba and Nathpa panchayats of district Kinnaur and has been funded by NABARD under the Tribal Development Fund (TDF) since 2014-15.

Under TDF programme there are three main components namely:

- Horticulture Development - Through the plantation of fruit plants like apple, walnut, pears, etc. This activity is complete in all three panchayats.
- Water Resource Development (WRD) – By constructing water tanks. WRD work is complete in Rupī panchayat and ongoing in other two panchayats.
- Capacity Building of Farmers - By educating them through various trainings in apple orchards management. The trainings are ongoing in all three panchayats.

Total size of this TDF programme is INR 564.21 lakh; out of which INR 273.59 lakh is grant, INR 273.08 lakh is participating farmers' contribution and Rs. 17.54 lakh is convergence from other line departments.

Activities under TDF – I

During FY 2020-21 the activities carried out under this programme are given below:

Installation of Drip Irrigation System – Eight farmers of TDF – I Project availed 80% subsidy of Horticulture Department & got installed drip system in their orchards.

Water Resource Development (WRD) – Three water storage tanks for irrigating apple orchards were constructed during FY 2020-21. Now total 26 water storage tanks have been constructed under the Project.

Figure 1. Drip Irrigation System installed by the Wadi farmers.

Figure 2. Water storage tanks constructed at Kachrang, Garshu and Kandhar villages.

PIA Staff Training – One PIA staff training was organized in the FY 2020-21. In this training the field works carried out are reviewed and further action plan for carrying out the implementation of project is prepared and discussed. The staff is trained about process of execution of the works.

Technical support of KVK/UHF – During the FY 2020-21 the scientists of Krishi Vigyan Kendra (KVK) Sharbo, district Kinnaur made four visits to the project area. During these visits the scientists on the basis of their observations gave on the spot technical advice to the farmers.

Figure 3. Scientists of KVK Sharbo, district Kinnaur giving on the spot technical advice to the Wadi farmers of Bara Kamba panchayat, District Kinnaur on 8 December 2020.

Nursery raising trainings – Two trainings on nursery raising of apple saplings were imparted to 4 framers of Rupī gram panchayat and three farmers of Nathpa gram panchayat on 15th February 2021 at Regional Horticulture Research & Training Station and KVK Sharbo, Kinnaur.

Health camps for children, women and elderly – Two health camps, one at Rupri and the other at Chhota – Bara Kamba were organised on 26th March 2021 and 27th March 2021. Total 106 persons in Rupri and about 105 persons in Chhota-Bara Kamba got themselves checked up.

2. Integrated Tribal Development Programme (TDF – II)

Another programme of Integrated Tribal Development Programme in two (now three) gram panchayats of Nichar block, district Kinnaur, Himachal Pradesh, namely; Chaura, Tranda and Bari was signed during July 2020 between NABARD, SJVNL and HARP. It was awarded to HARP for implementation. Project is of six years which will remain operative upto 2026-27.

Figure 5. Signing of MoU between SJVN, NABARD and HARP on 7 July 2020 for the implementation Integrated Tribal Development Programme in Bari and Tranda gram panchayats of district Kinnaur.

Under TDF – II programme, there are following main components:

- a) **Horticulture Development** – Under this component, plantation of apple samplings will be planted on an area of 156.5 acres of 244 farming families. In

order to irrigate each plant, there is a provision of drip irrigation system which will be installed in each orchard. The horticulture tools like sketcher, grafting knife, saw, etc. will also be distributed to all farming families.

- b) Water Resource Development – The water resource development works like construction of water tanks and layout of HDPE pipes from the source of water to the tanks, etc. will be taken up.
- c) Capacity Building of Farmers – The capacity building of the farmers will be built in different areas of apple orchard establishment and apple orchard management by educating them through various trainings. There is a provision of organising various trainings on different topics at different intervals of time.
- d) Women development – Under women development component maximum women will be trained in women and child nutrition management.
- e) Smart classes in schools – There is a provision to establish smart classes in all government schools falling in the project area.

Total size of a PDF – II project is Rs. 537.71 lakh, out of which Rs. 165.71 is grant of NABARD, Rs. 222.33 lakh is SJVNL grant and Rs. 149.67 lakh is farmers' contribution.

Activities under TDF – II

The activities carried out under TDF – II programme during FY 2020-21 are given as below:

Meeting regarding briefing of TDF – II Programme – A meeting with the officers including the staff dealing with CSR funds of SJVN at Nathpa Jhakri Hydro Power Station at Jhakri was held on 30th July 2020. In this meeting SJVN staff was made conversant with the project components, the components relating to SJVN, total size of project, share of NABARD, SJVN and farmers' contribution, period of project etc. The implementation procedure and other relevant information were also shared in this meeting.

Wadi farmers sensitization – All the beneficiaries of Bari, Tranda and Chaura were sensitized and made aware about the project on July 30 and 31, 2020 at four different locations i.e., Chaura, Kafour, Nigulsari and Bari. During these sensitization camps the beneficiaries of project were made aware about the project components, grant amount and their own contribution and were urged for cooperation in implementation.
